Parking

For drop off, please try to drop 5-10 minutes before the start of the session so the kids can walk up and wait outside for the doors to open.

For pick up, please do not come until 5 minutes after the end of the session. This will ensure the kids depart the facility and make their way over to that area. There is plenty of sidewalk/stair space available for the kids to stage. We do have older kids who do drive themselves to practice and of course coaches. There will be designated areas for each.

The attached diagram illustrates the plan:

The red arrows show the flow in and out using the new gravel loop.

The green shaded areas are steps & sidewalks for the kids to stage at, in a safe manner.

The yellow shaded area is for the older kids who drive themselves to park.

The blue shaded area is for the coaches.
